

Building-up Differential Homotopy Theory

Date : **Monday 4th ~ Thursday 7th of March, 2019**

Venue : **D-413 IMI Auditorium**

West 1 Bld., Kyushu University, Motooka 744, Nishi-ku, Fukuoka, Japan.

Access : <https://www.math.kyushu-u.ac.jp/pages/access.html>

This workshop is supported by JSPS Grant-in-Aid for Challenging Exploratory Research JP18K18713 (Norio Iwase) and a Grant-in-Aid of Research from Shinshu University (Katsuhiko Kuribayashi).

Schedule

Monday 4th of March

- 9:20 ~ 9:30 Opening
- 9:30 ~ 10:55 **Patrick Iglesias-Zemmour** (Aix-Marseille Université & the Hebrew University)
Inception of Diffeology
- 11:00 ~ 12:00 Free Discussion on Differentiable Structures
- 14:20 ~ 15:10 **Takahiro Matsuyuki** (Tokyo Institute of Technology)
Moduli space of Chen's connections and characteristic classes
- 15:30 ~ 16:20 **Akira Koyama** (Waseda University)
Homological properties of decomposition spaces
- 16:40 ~ 17:30 **Kazuhisa Shimakawa** (Okayama University)
Generalized functions and Diffeology

Tuesday 5th of March

- 9:30 ~ 10:30 **Tadayuki Haraguchi** (Naragakuen University)
A homotopy structure of diffeological spaces
- 11:00 ~ 12:00 **Jun Yoshida** (Tokyo Institute of Technology)
Diffeological spaces in view of functors of points
- 14:30 ~ 15:30 **Patrick Iglesias-Zemmour** (Aix-Marseille Université & the Hebrew University)
Constructions in Diffeology I
- 16:00 ~ 17:00 **Serap Gürer** (Galatasaray University)
Differential Forms on Stratified Spaces

Wednesday 6th of March

- 10:00 ~ 11:00 **Shun Wakatsuki** (University of Tokyo)
 Gorenstein spaces and string topology
- 13:00 ~ 14:30 **Patrick Iglesias-Zemmour** (Aix-Marseille Université & the Hebrew University)
 Constructions in Diffeology II
- 15:00 ~ 16:00 **Serap Gürer** (Galatasaray University)
 Differential Forms on Manifolds with Boundary and Corners
- 18:00 ~ 20:00 **Dinner at Ten-Ten in Ito Campus**

Thursday 7th of March

- 10:00 ~ 11:00 **Hiroshi Kihara** (University of Aizu)
 Smooth homotopy of infinite dimensional C^∞ -manifolds
- 13:00 ~ 14:30 **Patrick Iglesias-Zemmour** (Aix-Marseille Université & the Hebrew University)
 Constructions in Diffeology III
- 14:30 ~ 14:40 Closing

On Friday 8th, Patrick Iglesias-Zemmour has kindly agreed to have a special informal session with all of us to discuss on Diffeology and its relationship with Homotopy Theory. After that, we are planning to visit Yanagawa to continue to discuss more about Diffeology under ‘Sagemon’ – one of most popular touristic places in Kyushu in March. Details will be announced in the web-page.
